Classes – \$25.00 per hour

** Pet Day Care by Appointment

The Autism Sunshine House passionately believes in the practical and therapeutic value of matching special dogs with special children. Dogs play a crucial part in children's social and cognitive development and that human-animal interaction may alleviate stress in children, reduce disruptive characteristics and abnormal behaviors. The dog's ability to calm autistic children gives the child an increased attention span and a greater aptitude for learning. The service dogs act as an anchor when the child is tethered to the dog. Having a service dog can create freedom for the child and family to go outside of the house safely and confidently, which expands a child's capabilities to experience more of life and to grow, improving a child's socialization and behavior skills.

Help us Make a Difference ~ Make a Donation
Donate now and your gift will help support autism education, awareness, advocacy, and most importantly, enable us to assist families living with autism.

There are many national and local organizations focused on autism research, but few help with teaching and reaching children already affected by this disorder.

Parents are unprepared to deal with the daily challenges of having a child with autism and your donation will help Autism In Georgia, Inc. achieve its mission. Your donations are tax deductible. Please www.autismingeorgia.org to make a donation.

Thank you for helping AIG Make A Difference!
